JUBILEE CENTRAL - HULL BID CONTRIBUTION TO THE COMMUNITY AWARD WINNERS 2023

# Who are we?

Jubilee Life College is a project run by Jubilee Church Hull. Its aims are to help people, who are usually marginalised, experiencing long term unemployment, social issues, addictions or mental health issues and learning or physical disabilities.

The project provides courses that help learners to gain confidence in themselves, build self esteem, provide social interaction and acquire new skills.

# LIVE LAUGH LEARN

## What we do

We aim to develop employability and social skills such as regular attendance, timekeeping, being organised, engaging with activities, following instructions, completing tasks, and working with others through collaboration.

We also help people to gain new skills in the areas of craft, cooking, communication skills and strategical skills through playing games. Lifelong learning skills such as reading, writing, maths and problem solving are an integral part of these courses. Students learn to interact and engage with others, through teamwork activities.

As a result of coming to Life College people have ended up volunteering, looking for work, finding employment, or going on to do other courses here or elsewhere.
